

MICRO-D

Micro Miniature Connector Technology

Micro Miniature D-Sub connectors are designed for commercial applications where space is at a premium but a robust shielded I/O connector system is required.

FEATURES & BENEFITS

- Available in 3 industry sizes | 9 pin, 15 pin, & 25 pin
- Vertical, Right Angle Board Mount & Cable Mount Options
- Less than 1/3 the size of a standard D-Sub
- Metal to metal interface for robust mechanical connection & shield effectiveness
- 1 AMP contact rating / -55°C to +85°C
- Intermates with most commercial competitive products

MICRO-D

Micro Miniature Connector Technology

Cable Mount

	Series	Size
Female Backshell Kit	960-YYY-010R011	9 / 15 / 25 Position
Female Contacts	960-001-170L005	10K Per Reel
Female Cable Assemblies (Cable Assembly to Blunt Cut)	CCA-YYY-YYYR152	9 / 15 / 25 Position

Board Mount

	Series	Size
Vertical PCB Mount (M)	380-YYY-113L001*	9 / 15 / 25 Position
Vertical PCB Mount (F)	380-YYY-213L001*	9 / 15 / 25 Position
Right Angle PCB Mount (Male Only)	381-YYY-112L565	9 / 15 / 25 Position

**commercial off-the-shelf (COTS) equivalent to M83513 connectors for military applications.*

MICRO-D

*"Less than 1/3 the size
of a standard D-Sub"*

*Intermates with most
commercial competitive
products*
